**DETAILED ACTION**

***Current Status***

1. This action is responsive to Applicants' amendment of 10 September 2008.
2. Receipt and entry of Applicants' amendments is acknowledged.
3. Claims 1, 2, 5-9, 12 and 15-18 are pending in the application.
4. The 112 rejection is maintained for the reasons set forth in the previous Office Action of 05/21/2008.

Applicants' amendments filed 10 September 2008 have been fully considered but does not place the claims in condition for allowance because the specification, while being enabling for specifically "**substituted naphthyl group**, 2-thiopyridyl-6-hydroxynaphthyl disulphide, 1-D-myo-inositol-2-deoxy-2-(N-acetyl-L-cysteinyl)amino-.alpha.-D-glucopyranoside, or mycothiol" does not reasonably provide enablement for "any disulphide, any thiol, any **polynuclear aromatic group** or any hydrophobic moiety" as claimed. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to practice the invention commensurate in scope with these claims. **The Examiner suggests that Applicants cancel all variables that are not enabling or amend the claims accordingly.**

**THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
